Soil-Water Conservation

By E. T. (Red) Mullis

Last week a very busy week for us here in Bulloch County. Two days were taken up with a farm planning training school for Soil Conservation Service personnel in the Ogeechee River and Briar Creek Soil Conservation Districts. This training meeting was held at the Port of Call building and near Port of Call.

The purpose of the meeting of course, was to bring the technicians up-to-date on the latest soil and water conservation methods so that they, the farmer, might be better served. We had people from all over the State who are specialists in their respective fields of soil and water conservation to guide us. We had Horace Morgan, Soil Conservationist from Athens; Dr. Roy A. Grizzle, Biological Conservationist from Milledgeville; Jack Brown, Soil Scientist from Statesboro; John Jackson, Agricultural Engineer from Statesboro; J. C. Tillman, Assistant State Conservationist from

Athens; and of course, T. H. Browne, Area Conservationist, in charge. I would like to express appreciation to those who contributed materially to the success of this two day meeting. First, to Mr. Denver Lanier for letting us use part of his farm as a "guinea pig"; next to Mr. Billy Brown, Vice-Principal of Port of Call for "opening up" his building; and to Mr. Parker, Principal of Port of Call for assisting in planning the meeting and meeting place; and to Mayor J. E. Parrish and the City of Port of Call for their great hospitality (and good food at Johnson's Cafe). Let me just say, "Thanks to all of you."

MISS JUDY NESMITH IS ELECTED AREA CHAIRMAN

Miss Judy Nesmith, daughter of Mr. and Mrs. Walton Nesmith of Nevis, was elected chairman of the Fellowship Program Area of the Savannah District Methodist Youth Fellowship Saturday in the Youth Rally and Christian Vacation Conference held at the First Methodist Church at Pembroke. Miss Nesmith was accompanied by her father, Mr. W. E. Parrish, white, counselor and Miss Sandra Nesmith, president of the Nevis MYF. The Bulloch County Sub-District will be represented on the executive board of the Savannah District by two members, Misses Judy Nesmith and Anne Cromley from Brooklet.

If the residents of Statesboro don't care to trade at home, nobody else will either about it.

ESTABLISHED 1892 STATESBORO, GA., THURSDAY, APRIL 23, 1959 PRICE TEN CENTS 69th YEAR—NO. 10

Sherman Retires; Sharpe Principal Month Here

S. H. Sherman, principal of the Statesboro High School has resigned from his duties here effective July 1. He will be succeeded by James L. Sharpe, principal of the County School system. The announcement was released jointly here this week by the Trustees of the Statesboro High School and by the Bulloch County Board of Education.

Mr. Sherman came to Statesboro as Superintendent of the High School on July 1, 1958 and served in that capacity until August 1, 1958 when he accepted the position of Superintendent of the Dublin High School. He returned to the Statesboro High School on July 1, 1958 and has served both as superintendent and principal continuously since that date. His resignation is effective July 1, 1959 and will complete 35 years in the teaching field in the Georgia school system. As for his plans for the future, Mr. Sherman said, "We plan to just take it easy for about one year. We have bought a home at St. Simons, and Mrs. Sherman will be here for a while."

Mr. Sharpe, who has been principal of the County School since 1955, will be in charge of the High School during the month of July. He is a native of Statesboro and has been in the school system for 25 years.

Mr. Sharpe is a member of the National Education Association and the Georgia Education Association. He is also a member of the Statesboro Chapter of the United Way.

MISS ELAINE HORTON RYALS AND MR. JOSEPH DONALD

On Friday evening, March 27, Miss Elaine Horton Ryals, only daughter of Mr. and Mrs. Elbert Clay Ryals, Jr. of McRae, became the bride of Joseph Donald Johnson, son of Mr. and Mrs. Henry Grady Johnson of Statesboro, Ga. and Duban, Ala. in a brilliant ceremony at the McRae Methodist Church. The Rev. Claude Fullerton of Tifton and the Rev. Roy G. Galt of McRae officiated.

The sanctuary of the church, glowing with muted lights from the candles of many candelabra, and on the beautifully decorated altar. These were encircled with ivy, and topped with plumage, holding aloft burning candles. The bride and groom were held to seats with large white satin bows.

The altar railing and chancel were covered with white satin on which were placed garlands of ivy. The choir loft was centered by a large arrangement of white gladioli, Easter lilies, stock, mums and a tall, regal, behind the altar. The bride and groom were seated on a raised platform, the bride in a gown of white and pink, and the groom in a tuxedo. The bride's bouquet was a large one of white and pink flowers. The bride and groom were surrounded by their bridesmaids and groomsmen. The ceremony was a beautiful one, and the bride and groom were very happy.

G.T.C. Drops 10-Inning Contest, 7-6

The G.T.C. Professors last Thursday blew a baseball game in the ninth inning for the second day in a row. After falling, 5-4, to Newberry Wednesday, the Profs dropped a 7-6, 10-inning defeat to Furman at Statesboro on Thursday.

Ahead by a run, 4-3, at the end of eight, the Profs watched the Purple Paladins tie it up in the ninth on a single by Jimmy Horton, football captain for the coming season, a single by Hick Settle and Horton's steal of home on May 5. The loss will be under the supervision of the Statesboro Recreation Department, with Coach Ray Williams acting as manager.

There will be double headers played on Tuesday, Wednesday and Thursday nights. No admission will be charged for these games and the public is invited to come down for some real softball thrills.

The teams which will make up this year's league include: National Guard, Army Reserves, Winn-Dixie, Franklin's Restaurant, Nic-Nic-Gems, and the College Pharmacy.

MEN'S AMATEUR TEAM

This year the baseball fans in Bulloch County will be able to see the Statesboro Men's Amateur team in action. The team will represent Statesboro in the newly organized Ogeechee League composed of teams from Milledgeville, Rocky Ford, Swainsboro and Statesboro. Games will be played every Sunday. This Sunday the Statesboro team will travel to Milledgeville for a practice game. Game time will be 3:00 o'clock.

LITTLE LEAGUE

Baseball fans are invited to come by the Recreation Center on Mondays and Fridays or Tuesdays and Thursdays for a look at the start of tomorrow. On Tuesdays and Thursdays the Little League Minors square off. Mondays and Fridays the Little League Majors composed of teams supported by Rotary, Legion 90, Jaycees and Lions see action. Game time is 4:00 o'clock.

Youth Treatment

There's a lively, youthful feeling about motoring
with Phillips 66 Flite-Fuel. And the reason is:
Flite-Fuel is made with extra-lively components.

The extra amounts of high test natural and
aviation kerosene in Flite-Fuel give you easier
starting... faster engine warm-up... quick
acceleration. You get the anti-knock benefits
resulting from high octane, yet Flite-Fuel actually
costs less than many other premium gasoline.

Give your car a "youth treat-
ment." Fill up with Flite-Fuel at
your Phillips 66 Dealer.

MAN TALMADGE

Reports From WASHINGTON

THE REAL REASON for the
Russian agitation over West Ber-
lin is that it stands as a monu-
mental example of the Soviet fail-
ure to convert the German people
to Communism.

Eugene W.
Castle - au-
thor, indus-
trialist and
world traveler
- put the sit-
uation in its
true per-
spective in
an article in
which he wrote:
"Berlin is an
enclave of West-
ern ideas and
demonstrated economic
superiority thrust 100 miles into
the heart of the Soviet Union."
He also says, "Some of the
systems will not use these al-
lotments and that means that
other systems may possibly have
more than one teacher." The \$300
is paid to the teacher when she
comes back into a Georgia class-
room next fall. (Surprise me that
any school system would not jump
at a chance to send a teacher for
a paid summer of study.)

WE WILL HAVE BETTER
STATISTICS FOR YOU
Reid Dent, who used to be su-
perintendent in Camilla and has
been with the Department of Ed-
ucation checking attendance re-
cords recently, is being transferred
to the Atlanta office to head a
statistical research project. We
will get funds under the new Pub-
lic Law 864 to expand our statis-
tical services so that we will have
more and better statistics about
your school.

THEY ARE STUDYING LATIN
Latin is still the most popular
language besides English among
Georgia high school students. A
recent check up showed that 7-
669 are studying first year Latin,
2,595 second-year Latin, 24 third
year Latin. Spanish is the next
most popular and French is third.
The U. S. Office of Education has
just announced that Federal Funds
will be used to establish ad-
vanced language centers that will
teach Arabic, Chinese, Hindustani,
Japanese, Portuguese and Russian.
These six languages are spoken by
more than one billion people or
38 per cent of the world's popula-
tion, yet very few people in our
country have studied many of them.

THEY WILL FLY THEM
UP THERE
The nation's first National Avia-
tion Education Workshop for
teachers will be held at Montana
State University at Missoula from
June 29 to July 31. Any Georgia
teachers going will be flown up by
the U. S. Air Force. The Mon-
tana Governor wants them to come
early and do a little sightseeing in
his state. We do not have the de-

ramming into it from the back or
side. Surely you think more of
the safety of the neighbor's chil-
dren—not to mention your own—
than to be so careless. Joe De-
Foor, our supervisor of buses here
in the State Department of Educa-
tion, says that although any ac-
cident is regrettable, actually the
buses have only about half as
many accidents as the commercial
vehicles on which we travel.

SUMMER IS A STUDY TIME
Three hundred teachers have al-
ready made application for the
\$300 study grants which the De-
partment will allot again this sum-
mer to ten to twenty science, math
and foreign languages, in-
cluding Latin. Hal Clements, of
our Instruction Division, tells me
that the plan for allotment is this
way: One white teacher from every
high school in Georgia, one Negro
teacher from each of the 157
Negro high schools, one elemen-
tary teacher for every school sys-
tem and 60 Negro elementary
teachers. He also says, "Some of
the systems will not use these al-
lotments and that means that
other systems may possibly have
more than one teacher." The \$300
is paid to the teacher when she
comes back into a Georgia class-
room next fall. (Surprise me that
any school system would not jump
at a chance to send a teacher for
a paid summer of study.)

IT IS THE POLITICAL impli-
cations of the situation which make
it fraught with more potential
danger to world peace than any
international crisis since the Korean War.
While it is hardly likely that it
is the intention of the Kremlin to
launch a nuclear war which would
destroy civilization over it, there
nevertheless exists a very real
possibility of a nuclear war. Pre-
sident Khrushchev, in attempting to
control the growing depression
and dissatisfaction among the
slaved people of East Germany
and the neighboring satellites,
might embark on some course of
provocation which would leave the
Western Allies with no alternative
but to meet force with force. A
tall about how teachers would get
the money to pay for this work-
shop, but we have written for
them. Teachers who are interest-
ed could write directly to Mont-
ana State University.

IT'S ABOUT THAT TIME
The school year is moving to a
close. Soon now the voice of the
commencement speaker will be
heard in the land, telling the grad-
uates that the world is waiting
for them with open arms, that
there is always room at the top
and that they will all be success-
ful in their future doings. If
somebody came along who said
something really fresh, instead of
mouthing these old platitudes, the
audience would gasp in astonish-
ment—but it would stay awake.

Nitrogen Is Aid To Rapid Growth

"Plenty of nitrogen, applied at
the right time, is just as im-
portant to profitable crop produc-
tion as good seed of the right variety,
and proper insect and disease con-
trol," says County Agent Roy
Powell.

Quoting from Georgia Extension
Service Circular 428, Mr.
Powell says: "Nitrogen is one of
the most important plant nutri-
ents. It is found in the plant in
large quantities and is essential
for growth. Thousands of crop
land and pasture acres in Georgia
suffer each year from inadequate
nitrogen. To produce profitable
crops, it is essential that farmers
become better acquainted with
this nutrient. No other element
shows such immediate beneficial
effect on crop growth in Georgia.
"An abundant supply of nitro-
gen promotes rapid, luxuriant
growth and dark green plant fol-
iage. Plants can utilize other nu-
trients more efficiently in the
presence of adequate nitrogen.
The nutrient produces succulence
and tenderness in plants. It con-
stitutes a part of proteins, which
are essential to the make-up of all
living matter.

"Plants deficient in nitrogen
are pale and yellow. 'Firing'
starts with the low leaves. Fre-
quently, plants are thought to be
suffering from drought when ac-
tually they are lacking sufficient
nitrogen.

"For greener fields and more
economical yields, establish a
sound soil fertility condition and
apply recommended rates of nitro-
gen purchased on the basis of
cost-per-pound.

Copies of Georgia Extension
Circular 428, entitled "Nitrogen"
may be obtained free of charge
at the county agent's office.
